

# SEPLS-CCRR Fee Schedule

2025.07.23

## INTRODUCTION

The following Fee Schedule under the SEPLS Carbon Credit Regional Revitalization Center (SEPLS-CCRR) for the Satoyama Mace Initiative. All fees quoted are in US dollars (USD). SEPLS-CCRR will do a planned review of its fees every two years to ensure alignment with its mission, sustainability of the organization and services provided, and simplicity and transparency for stakeholders SEPLS-CCRR reserves the right to add or amend fees at any time at its sole discretion.

SEPLS-CCRR reserves the right to suspend any Registry account due to non-payment of fees for more than 60 days. All suspended Registry accounts must pay a Registry reactivation fee to terminate a suspension.

## Project Reviews and credits Issuances

This table captures fees relevant for projects seeking SEPLS-CCRR certification, including those wishing to issue carbon credits.

Type	Fee	Notes
Registry Account	\$1,5000	per organisation
Annual Maintenance Fee	\$500	Annual, waived in first year
Preliminary Review	\$1000	per project, per submission
Monitoring Reporting Review	\$1000	per project, per submission
Vcu Issuance	\$0.10 per VCU	at issuance request

## Methodology Reviews and Revisions

Type	Fee	Notes
New methodology review	\$30,000 - 40,000 depending on complexity	per methodology, at the time of draft methodology submission
Methodology revisions	\$15,000 - 25,000 depending on complexity	per methodology, at the time of draft methodology submission

## Validation and Verification Body (VVB) Approvals

Type	Fee	Notes
Application review	\$8000	per organisation, at request for approval
Annual VVB management	\$2500	per organisation, annually
VVB re-approval	\$5000	per organisation, at request for re-approval
VVB training	\$2000	per training, as requested by entity

### **Mitigation and removals options**

In alignment with the spirit of the Satoyama Mace Initiative: Regional Revitalization of SEPLS in Carbon Credit, and with the intention of reducing the financial burden on farmers, SEPLS-CCRR introduces the following support program:

The costs for Step 1, Step 3, Step 6, Step 7, and Step 8 of SEPLS-CCRR certification stages will be covered by SEPLS-CCRR, and in return SEPLS-CCRR shall obtain 50% of the carbon credits generated by the project as a contribution back to the program.

Farmers receiving this support are required to undertake the following responsibilities:

- Maintain records and assist with measurement activities.
- Cooperate with VVB representatives during interviews.
- Collaborate in the preparation of required reports.

Those who are interested in participating in this program and wish to apply for the subsidy may contact us via email at [Z10909116@ncku.edu.tw](mailto:Z10909116@ncku.edu.tw) .
